COCKPIT STUDIOS
BLOOMSBURY

Cockpit Studios is London's centre for excellence in contemporary craft and is an award winning social enterprise.
It is home to a community over 180 creative businesses - metalsmiths, jewellers, weavers, woodturners and ceramicists.
Cockpit has nurtured and supported craftspeople in the early stages of their careers with many going on to become international leaders in their fields.
On arrival we will have an introduction, explaining the history and current set up of Cockpit.
Our guided tour will then go behind the scenes in one of London's hidden cultural gems. We will meet the Cockpit community and gain insight into their craft and creative processes enabling us to get close to their tools, techniques and beautifully handcrafted work. We will discover what inspires them, and will enjoy an authentic glimpse into the making process.
There is also a shop selling crafts to visit.
